

Australian Cricketers visit Podar School in Pune

Pune, April 16: Two members of the Australian indigenous team visited Podar International School, Pimpri today as a coaching initiative of Cricket Education Program in affiliation with Cricket Australia.

Cameron Trask, a 21 year old all rounder from Queensland and 22 year old Victorian leg spinner Fletcher Stewart are in Pune on a Cricket Australia scholarship to receive advanced skill development training through the Global Cricket School.

Both players were delighted to provide some coaching tips to the enthusiastic young cricketers. "Its been a great experience spending time coaching these players" commented Cameron. "There are some talented youngsters in the group and its easy to see how Cricket Education Program is enhancing their development" added Fletcher whilst teaching the finer points of leg spin to Level One participant Devin Naik.

"Cricket Education Program has been going very well in our school and the children were very keen to resume their sessions after exams" noted Mr Shaikh, Podar International School's Head of Sports "They are being very well coached under this method and its easy to see their improvement since the beginning of the season."

Cricket Education Program is delivered in India by Cricket India Academy under the flagship of Sports Education Development India Ltd (SEDIL), a joint partnership between Kohinoor Group and Podar Enterprise.

Speaking at the session Martin Gleeson, Chief Executive Officer of SEDIL, welcomed the players "it's a great value addition for our program. Both Cameron and Fletcher are emerging players in the Australian system and it's a great experience for our participants to spend some time with them and learn from their experiences."
